**Subject:** RE: Water Gen NDA and MTA

Good Afternoon Everyone,

This is great news regarding the MTA and NDA. I would like to clarify the next steps in the process.

Our attorneys will provide a formal concurrence which I will send to the Laboratory folks (Ardrá, Jay, Michael and May). They will then prepare the documents for their Lab Director's signature. Once signed they will send the documents to Water Gen for signature. After you have signed the documents you may send a copy of each signed agreement back to all on this email and they will be considered active. This method saves time in the process rather than routing each step through me. Additionally we are now accepting a PDF copy of the signed document rather than requiring the original be sent back to EPA, saving time and resources.

Please let me know if you have any questions.

Thank you,

Sarah

**Subject:** RE: Water Gen NDA and MTA

Dear Laura,

Thanks for your email.

We are fine with the final versions of the MTA and NDA, and so we shall await the final versions for execution to be provided by Sarah Bauer, your Technology Transfer Coordinator.

As regards the CRADA, I shall carefully review the marked up version provided, and shall revert soon with any comments I may have.

Thanks again for your cooperation.

Regards

Liat

**Subject:** RE: Water Gen NDA and MTA

Hello Liat. I have not forgotten you!

Attached please find:

Clean copy of the NDA dated October 3. You have seen this already.

Clean copy of the MTA dated today, October 23.

“Clean” copy of the MTA with comments dated October 4. You have seen this already, too.

Marked-up file of the CRADA dated today, October 23.

I appreciate your offer to discuss the NDA and MTA. If you are OK with these documents, so am I.

Sarah Bauer, our Technology Transfer Coordinator will send you the finalized copy of the NDA and MTA for Water Gen’s signature. She first needs to log the two documents into her data

base. You will get these from her shortly.

The CRADA will need some work. Along with the edits, I have included detailed comments, so please take note of them. I would be very happy to discuss the CRADA with you over the phone, once you had a chance to look at it.

I am in the office 9:30 every morning – except this Friday. I'm not sure what time that is in Israel, but I'm guessing that would be around 5:30 in the afternoon there? The US is on Daylight Savings time, which means 9:30 AM is actually 8:30 AM real time.

Just one document to go. I look forward to your reply.

**Subject:** RE: Water Gen NDA and MTA

Dear Laura,

Following up on my email below, could the two final drafts of the NDA and MTA be signed ?

Could we have a short call if needed later today, in the event your comments require further final elaboration ?

Kindly advise

Regards

Liat

Dear Laura,

Following my review of the final drafts of the NDA and the MTA, I see no further issues, though you have lefts comments, which I wonder would you wish to discuss further ?

Regards

Liat

Hello Liat - welcome back!

I have not yet reviewed the CRADA. I just finished two applications that needed to be filed by tomorrow, so I'm able to give the CRADA my attention now. I will send comments as soon as I finish my review.

Hopefully we can put the MTA and Non-Disclosure Agreement into effect and move forward with the front end of the project.

Dear Laura,

Thank you for providing the drafts of the MTA and NDA.

I did not see any email regarding the CRADA referred to in your email below....

Kindly advise.

Regards

Liat

Hello Liat. I'm returning these two agreements for your review.

I am providing the NDA as a clean copy. Please make note of two comments:

## **Ex. 5 - Attorney Work Product**

For the MTA, I've included the marked-up version along with an almost-clean version, that has some comments left in for context. Please note

**Ex. 5 - Attorney Work Product**

## **Ex. 5 - Attorney Work Product**

I will get to the CRADA in the next day or two.

Have a pleasant holiday! - Laura
